

## **2. Project: Registering and examining the Congenital Heart Diseases Children in Kurdistan Region**

During the year 2022, Heevie Organization continued working on its program of documenting the details and information of the patients with congenital heart defects, in an effort to make them ready and available when any treatment or surgical intervention opportunity is available.

This activity is implemented in cooperation with SIA Italian organization, through which an integrated database is created for patients with congenital heart defects in Kurdistan Region and Iraq, and it had a significant impact on the health status of the patients, their living conditions and their chances of obtaining the needed treatment. During the year 2022, Heevie registered **(443)** new cases of children with congenital heart disease in its database.
