5. Project: Primary health care services within Heevie static clinic in Bersivy1 IDP camp in Duhok governorate

Among the camps that Heevie organization covers with health activities is Bersivy1 IDPs camp in Zakho district, which hosts thousands of families displaced from Sinjar district early during the war against the ISIS terroristic group in 2014.

The camp has a capacity of hosting about 11,000 people, and Heevie provides the full package of primary health care services, both curative services and preventive, involving the specialist doctor consultation, the psychosocial support, health education, growth monitoring, reproductive health care services, vaccinations and advanced laboratory services.

Heevie PHC in the camp is active 24 hourly, 7 days a week, with the aim of responding to the maximum needs of the camp residents. The project activities were implemented with the support of the World Health Organization (WHO).

During the year 2022, **(28,381)** patients were examined and treated through Heevie Health Center in Bersivy1 Camp, who were distributed over the months as shown in the table below.
